The Municipality of Goražde is a dynamic business location in the south-east part of Bosnia and Herzegovina, 72 km from its capital Sarajevo, near the Drina river. It is well connected with Croatian and Montenegro sea coasts and Serbia via Regional road R 44. Due to high-quality products and regional and bilateral Free Trade Agreements, companies from Goražde export to reputable customers from 47 different countries. Dominant industries in this region are metal-processing, auto parts and manufacturing. Certified as business-friendly environment, the Municipality of Goražde is doing its best to attract investments and offer favorable conditions for doing business - skilled and motivated labor force at competitive prices, low overhead costs, abundance of natural resources, local subsidies for investors and fully equipped industrial zones. The biggest trigger for local economic development was the investment of Bekto-International (today's Bekto-Precisa), a company which produces highly sophisticated industrial tools, plastic and metal parts and equipment, which are used by famous world brands such as Porsche. Today, more and more companies recognize Goražde as a favorable investment destination.
