P*rijedor is an important commercial and trade center situated in the north-west part of Republic of Srpska and BiH, on the beautiful riverbank of Sana beneath the mountain slopes of National park Kozara. The city is well connected with CEFTA region offering duty free access to multimillion markets. Pillars of local development in the past were iron ore mines, and cellulose and paper factory Celpak. With one of the world's largest mining companies, the British Arcelor Mittal, Prijedor has become the main pillar of revitalization of mining industry in BiH, creating new jobs and stimulating the development of other industries in the city and the whole country. Economic sectors with greatest potential are: agriculture, mining, metal processing, wood processing, food and textile industry. Since 2013, Prijedor carries the title of Business Friendly Municipality in South East Europe. Also, in 2016 Financial Times has included Prijedor as one of the top 10 micro cities in Europe regarding cost effectiveness. International acknowledgments and existing investors are the best reference for locating your business in Prijedor.*
