Contact	1 Hilandarska Street, 74.000 Doboj, +387 53 242 001, gradonacelnik@doboj.gov.ba

Doboj is a transportation hub merging the most important routes in the Republic of Srpska and BiH, and the seat of the RS Railroad Company head office, thus making it an ideal location for a trading center. Doboj has an exceptional geographical position - it lies directly on the main transportation route connecting the Central Europe with the Adriatic Sea (VC Corridor). There are three strategic potentials for local development: agriculture, tourism and geothermal resources, being the dominant sectors in Doboj's economic profile, alongside the trade, food processing, production of textile and metal processing industry. Doboj possess considerable areas of uncontaminated arable land, as well as the conditions for creating a strong repository of raw materials and constructing processing facilities. A significant development factor is the existence of university and faculties, with over 2,000 students and major achievements in the field of traffic engineering and business development. An additional asset is also seen in the local capacities for life-long education (retraining and training). Through its extensive communication with investors, city administration has become very flexible to meet specific requirements of every single investor. Doboj also offers various destinations for sightseeing and opportunities for sports, fun and relaxation in its beautiful surrounding nature.
